

Task Force on Clean Energy Bond Finance **—Confirmed Participants—**

The Clean Energy + Bond Finance Initiative (CE+BFI) is an innovative partnership that pairs clean energy with the power of bond financing institutions. CE+BFI will work with institutional investors, public finance agencies and public clean energy fund managers across the country, finding ways to increase clean energy investment by between \$5 billion and \$20 billion in the next five years.

To assist the CE+BFI in its mission, CDFA and CEG launched a national Task Force on Clean Energy Bond Finance to support the partnership. The Task Force includes representatives from the top public and private clean energy and development finance organizations throughout the country:

Dan Adler, President, CalCEF
